Performance Analysis*

*2024*

ASA is working with Canada Soccer Association (CSA) in pursuit of a National Youth Club License. CSA recommends that soccer clubs develop the use of technology and sports science to support young athletes in their development and game understanding.

With the purchase of a Pixellot Air camera (<https://www.pixellot.tv/products/pixellot-air/>), the appointment of videographer, Graham Murison we are able to offer all ASA competitive teams a range of services in our efforts to support ongoing player & coach education & development.

The various packages available to teams are as follows..
